---

## PROFESSIONAL SUMMARY

Software Engineering student with experience building full-stack web applications using React, Node.js, Express.js, Flask, MongoDB, and PostgreSQL. Strong foundation in REST APIs, database design, and responsive UI development. Passionate about solving real-world problems through scalable software and continuous learning.

---

## TECHNICAL SKILLS

**Languages:** JavaScript, Python, Java, C, HTML5, CSS3

**Frontend:** React.js, Vite, Bootstrap

**Backend:** Node.js, Express.js, Flask

**Database:** MongoDB, PostgreSQL, MySQL

**Tools:** Git, GitHub, Postman, VS Code, REST APIs, JWT

---

## PROJECTS

### Contract Renewal Management System | React, Flask, PostgreSQL

- Developed a full-stack application to automate contract renewal tracking using React and Flask, reducing manual monitoring efforts.
- Implemented CRUD operations with PostgreSQL and integrated automated email reminders for expiring contracts.
- Built responsive dashboards and search functionality to improve contract accessibility and management.

### Online Book Store Backend | Node.js, Express.js, MongoDB

- Built REST APIs for managing books, users, and orders using Express.js and MongoDB.
- Implemented CRUD operations and structured the application using MVC architecture to improve scalability and maintainability.

## **AI Marketplace Assistant (Hackathon) | React, AI APIs**

1. Collaborated in a 3-member team to build an AI-powered marketplace assistant for local artisans.
2. Developed responsive interfaces and AI-assisted workflows to simplify product listing and improve user experience

---

## **EDUCATION**

### **B.Tech in Software Engineering**

Kalvium × RV University (Expected Graduation: 2029)

---

## **CERTIFICATIONS**

• Responsive Web Design • JavaScript • React • Python

---

## **ACHIEVEMENTS**

- Developed multiple full-stack academic projects using modern web technologies.
- Practiced Data Structures & Algorithms through coding challenges.
- Experienced with Git-based collaborative software development workflows.
